## Move Management

Swapping Scenes will manage all of your pre- and post-move needs.

We assist in sorting, organizing, and downsizing your belongings. Swapping Scenes will oversee the packing and moving, as well as unpack and help you settle into your new home.

## Floor Planning

We generate editable floor plans of your new home so you are able to visualize the layout with your furniture.

These floor plans will be presented for your approval prior to your move to ensure all your belongings fit comfortably in your new home.

## Donations & Cleanouts

Swapping Scenes can arrange for donations to charities, shipment of belongings to family members, and the disposal of all remaining items.

We will ensure your home is broom-swept and ready for the new owner.
